GO RYU KI

2026 TAIKAI PROGRAM

May 24, 2026 · Chicago, Illinois

HOSTED BY GOSEIKAN KENDO

Go Ryu Ki 2026

Welcome to the inaugural Go Ryu Ki Taikai. On behalf of Goseikan Kendo, thank you for joining us in Chicago for this celebration of kendo.

Go Ryu Ki's characters are 剛龍旗. These characters — “strength”, “dragon”, and “flag” — are meant to reflect and symbolize both characteristics of kendo as well as the city of Chicago. The tournament's champion flag honors the spirit of competition. Each year's winning team adds their tag to the travelling flag, carrying forward the legacy of every champion before them.

We are honored to welcome **Shozo Kato Sensei** (8 Dan Kyoshi) as Shinpancho (Head Referee). His presence elevates this event for all participants.

Whether you are competing, refereeing, or cheering from the sidelines, we hope you enjoy the day.

Goseikan Kendo

In the back of this program you'll find a short history of kendo in Chicago, the meaning behind the Go Ryu Ki flag, and a brief look at the city's own flag. We'd love for you to explore them when you have a moment.

TOURNAMENT RULES

General

- ◆ FIK (International Kendo Federation) rules apply.
- ◆ Teams-only format. Teams are not separated by rank.
- ◆ Please provide your own red/white tasuki (mejirushi).
- ◆ Competitors must be ready at courtside when their match is called. 3 minutes late will result in disqualification.

Match Rules

- ◆ **Duration:** Adult — 2 min (pool) / 3 min (single elimination). Women's — 3 min. Junior & Senior Youth — 2 min., Sanbon-shobu (best of 3 points)
- ◆ **Individual Ties:** Individual matches end at time. No encho — ties stand as hikiwake (draw).
- ◆ **Team Match Result:** Team match decided by total individual wins. If tied on wins, total ippons scored. If still tied, daihyosen (representative match) between the two teams in that same match.

Pool Round Scoring

- ◆ Pool standings determined by number of team-match wins.
- ◆ **Tiebreaker:** If tied on wins, total ippons across pool play breaks the tie. If still tied, daihyosen between the tied teams to determine final pool standings.

Tasuki Guide

Red is shushin-side (main referee facing table), right hand. White on left hand.

Team Positions

5-person teams (Adult)	3-person teams (Women's & Youth)
Senpo, Jiho, Chuken, Fukusho, Taisho	Senpo, Chuken, Taisho

Additional Rules

- ◆ Teams with missing members may still compete.
- ◆ If no members from a team appear, that team receives an automatic loss for each match.
- ◆ No substitutions are allowed after registration closes.
- ◆ No 3rd-place matches will be held. For Adult and Women's brackets, both losing semifinalists share 3rd place. Youth placements are determined by round-robin standings.
- ◆ Competitors registered in both Adult and Women's divisions may play back-to-back without rest.

Awards

Medals are awarded for 1st, 2nd, and 3rd place in each division. No 3rd-place matches will be held — for Adult and Women's brackets, both losing semifinalists share 3rd. Youth 3rd is determined by round-robin standings.

1st Place	2nd Place	3rd Place
Gold medal	Silver medal	Bronze medal

The 1st-place adult team also receives the travelling Champion Flag and adds their tag.

ADULT DIVISION — PLAYOFFS

Every adult team advances to a single-elimination bracket. Higher pool finishers earn higher seeds — the four pool winners take the top seeds, then the four runners-up, and so on. The bottom eight seeds participate in play-in matches to fill the Round of 16, and the bracket is drawn so that no two teams from the same pool meet again before the quarterfinals.

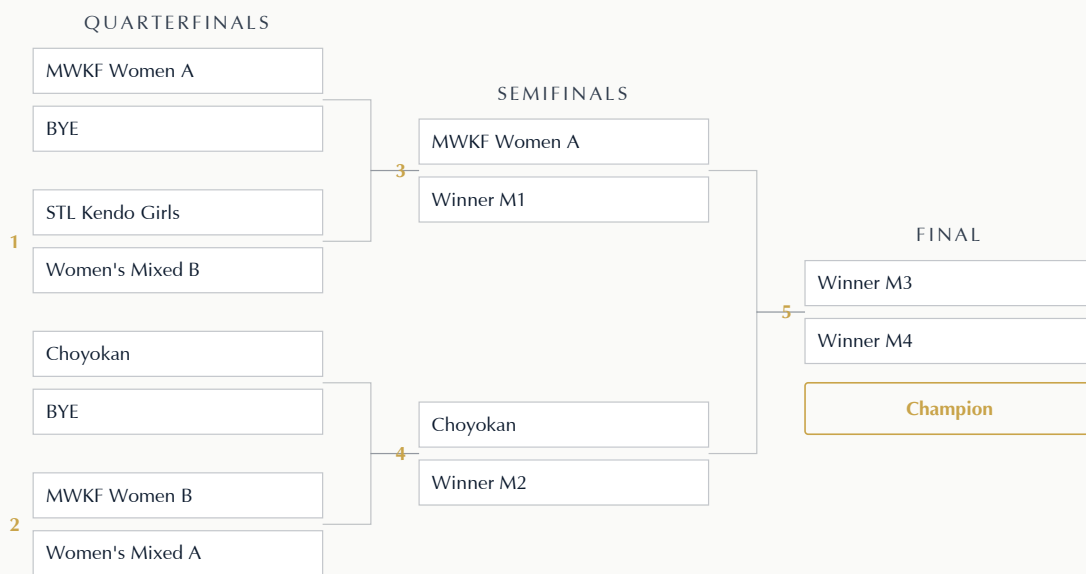

The bracket below is an example shown for reference. Overall placement is determined by the seeding earned in the pools, and further balance may be done by the tournament officials based on pool performance.

CHICAGO & KENDO

The city of Chicago and kendo have shaped one another in significant ways. After WWII internment, many Japanese-Americans left the west coast and settled in Chicago. The city welcomed those who came here, and in 1944 the Buddhist Temple of Chicago (BTC) was formed. In 1963, five church members discussed their interest in forming a kendo dojo. A year later in 1964 the Chicago Kendo Club was formed during a meeting in the heart of the Gold Coast neighborhood on Division and Clark. These members — Joe Aoyagi, Junzo Ideno, George Izui, Koichi Matsumoto, and Frank Matsumoto, along with their elected instructor Yoshimitsu Nakamura Sensei — comprised the first board of directors and chief instructor of the first kendo group in the Midwest.

Chicago continued to play a vital role in kendo both regionally and nationally. In 1972 when Nakamura Sensei returned to Japan, Frank Matsumoto Sensei became the next head instructor of Chicago Kendo Club, and two years later he helped found the Midwest Kendo Federation. This brought together many growing clubs as well as a growing interest in kendo. As the federation grew and more members and dojos joined, kendo continued to establish itself in Chicago. More dojos formed, and in 1981 Chicago welcomed the national kendo community for the second AUSKF National Championships.

Today, kendo continues to flourish and grow in Chicago as well as the Midwest. Chicago dojos practice hard and work together to continue to spread the love and appreciation of kendo to those currently practicing as well as people who are new to the martial art. The spirit of Go Ryu Ki is rooted in this history, with the goal to honor more than six decades of tradition while celebrating the future of this martial art in the city that helped build and flourish this community.

“I believe that everyone has their own reasons for studying Kendo. Traditionally, Kendo was mostly to develop your mind and not just sword technique. Of the things that are important to me are determination, sincerity, and perseverance.”

— Frank Matsumoto

THE MEANING OF THE GO RYU KI FLAG

All flags carry significant meaning and symbolism, and the Go Ryu Ki flag is no exception. Careful consideration was taken when designing the symbolism and meaning of the Go Ryu Ki flag, and we are humbled and privileged to share that meaning.

- ◆ **The navy background — the depth and breadth of Lake Michigan.** Unlike the Chicago flag, which uses a light blue, the navy is meant to symbolize the depth of Lake Michigan, as well as the long history of kendo in the Midwest. The lake acts as a connector to all dojos in the Midwest, whether through the lake itself or via the rivers and waterways. Many of these waterways were man-made, which further heightens the meaning of outreach and connectivity to the Midwest kendo community, as relationships and community form both naturally as well as through effort.
- ◆ **The gold coloring — the sun rising and setting on Chicago.** The city of Chicago faces east on Lake Michigan, thus the sunrise appears to come over the lake and illuminates the city each morning. The flatter plains of Illinois create a long-casting sunset on the city when the sun sinks west. In both instances, a natural aura of light is cast on the city, seemingly turning it gold.
- ◆ **The rising dragon — wisdom.** The ascending dragon on the flag is meant to represent the wisdom shared over more than six decades in the kendo community. As knowledge continues to be shared among one another through practice and community, we all become stronger, and we aim to rise higher in our kendo journeys. The dragon is a symbol of this effort.
- ◆ **The dragon's movements — the curves and turns of the north and south branches of the Chicago River.** The dragon's turns are meant to express the way the Chicago river's north and south branches contort and move throughout the Midwest to reach new communities and people, connecting them back to Lake Michigan as well as providing resources and supporting commerce.
- ◆ **The dragon's scales — the neighborhoods of Chicago.** There are exactly 77 scales on the flag's dragon, each one representing one of Chicago's 77 different neighborhoods or community areas. These scales are meant to reflect the stories, lives, and experiences held in each of these neighborhoods, with the hope that as one scale rises up on the ascending dragon, so too do the rest, helping the city become better and more prosperous as we continue to grow and rise together.

THE MEANING OF THE CHICAGO FLAG

Chicago has an official flag with rich historical meaning. This is not that explanation. What follows is offered in the spirit of the city itself — with affection, and not entirely seriously.

- ◆ **The four stars.** The four stars symbolize Italian beef, Chicago hot dogs, deep dish pizza, and polish sausages. It is argued that the fourth star actually symbolizes bratwursts, a debate that has raged for centuries.
- ◆ **The two blue bars.** These represent the north and south branches of the Chicago River. These rivers have two very different types of creatures and pollutants, and both are used to make Malort.
- ◆ **The three white bars.** These represent the three major land masses of Chicago: north, south, and west. All three of these comprised together make the city, as well as make Malort.

(With a wink to our friends at Jeppson's Malort.)

Thank You for Attending Go Ryu Ki 2026!

Good morning,

From all of us at Goseikan Kendo, we wanted to send a heartfelt thank you to all of you who made the trip out to Chicago to compete in Go Ryu Ki. We appreciate all of you who came out to compete, volunteer, spectate, and support.

We are so grateful to have hosted you all, and we hope you enjoyed the tournament and learned a lot.

We also wanted to give a special recognition once again to all our volunteers and supporters throughout the day. This tournament ran very smoothly, and that is in very large part due to the many volunteers who came early to help set up, stayed late to help put away, and were moving on their feet throughout the day to make sure courts were properly staffed and any needs were quickly communicated and met. Truly, this tournament's positive experiences were built upon this support. Whether you were there all day or stepped in at a court to help keep score or time, from the bottom of our hearts, thank you for all you did.

While all of Goseikan is taking a very-deserved and much-needed rest, our sights remain forward. We have some more events we're looking to plan in fall 2026 and winter 2027 that we can't wait to share with you all, and we are already thinking about Go Ryu Ki 2027. We will continue to share more information about all these events in the coming months, and we hope to see you all at them as well as other events throughout the coming months!

Finally, we're always looking to improve on our events to help create the most positive and engaging experiences possible. This was our first taikai, and we welcome any suggestions, thoughts, or feedback on how we might be able to improve for next year's event. If you have any thoughts, please let us know!

Thank you all again. We hope you enjoyed the rest of your holiday weekend, and we can't wait to see you again soon!

Best,

Goseikan Kendo
